

## **GENERAL ASSEMBLY REMINDER FOLLOWED BY A SOCIETY SOCIAL**

The Board of the Society will report on the events, finances, and general state of affairs. Members (only) are encouraged and welcomed to participate, raise concerns, support, and offer suggestions for the future. On meeting adjournment, please remain or just pop in later to join in a regular Society Social and complementary glass (or two) of wine.

**Wednesday, May 31st**

General Assembly meeting will commence at **18:00**

Society Social will commence roughly at **18:30**

**Stadt Heuriger Gigerl** <https://www.gigerl.at/>

Centrally located in the heart of the 1st District behind Kaufhaus Steffl, Rauhensteingasse 3, 1010 Wien

Dear Members, Dear Friends with Tech Talents!

In preparation for the upcoming General Assembly and in an effort to help re-vamp some things within the Society, in particular IT related issues, we are looking to augment the Board with a new position: Director IT

Some things you should be good at:

Web site design, administration, search engine optimisation, regular site updates, building online registration for events, including when required payment links, helping the events team to distribute the Newsletter to various social media outlets.

If you have some time and interest to volunteer  
PLEASE contact me to discuss further!

Karen Conoley [vicepresident@austria-canada.com](mailto:vicepresident@austria-canada.com)

The Delegation of the European Union to Canada and the Directorates-General for Trade and Environment, in collaboration with the Service for Foreign Policy Instruments (FPI) of the European Commission, cordially invite you to a webinar called 'The EU and Canada: A like-minded partnership on circular economy'.

This on-line seminar will be held on 7<sup>th</sup> June 2023 at 15:00-17:00 CEST and is part of a series of events organised around the fifth anniversary of the provisional entry into force of the EU-Canada Comprehensive Economic and Trade Agreement (CETA). The Agreement remains a core driver of the EU's privileged and very solid relationship with this close ally and like-minded partner. The current geopolitical context creates a momentum for even closer cooperation between the EU and Canada.

This webinar will facilitate an open exchange and sharing of experiences and best practices stemming from the joint European and Canadian efforts in the area of circular economy. A Q&A session will follow the presentations.
